Trailers

Ribeye trailers are available for the full range of Ribeye boats, and are set up to aid launch and recovery.

The following come as standard:

- Rod operated brakes
- Lighting board
- Multi-roller launch and recovery
- Hub & brake flush facility

Ribeye carries out a continuous program of product improvement and safety awareness. Specifications are subject to change without notice, although all details are correct at the time of going to press. Ribeye products may be produced with a different trim level than originally specified. All dimensions are +/- 3%.

Please note that performance of your boat depends on engine size, propeller selection, trim settings, payload distribution and operating conditions. Refer to sections within this manual and within your engine owner's manual to obtain the best performance from your Ribeye.
